

Sample Media System Cheat Sheet

For additional support, contact support@vorattamediasystems.com or visit www.vorattamediasystems.com.

Note: Here are additional instructions for customized system details with a VMS-installed Universal Remote as of Date, Year.

To Turn System Off:

1. Press the **Power button** (top left) on the Remote.
(System powers off.)

To Watch TV:

1. On the Remote, press “**Activities**” momentarily.
2. Press “**Watch TV**”, aim remote at system.
(System powers up and self-configures.)
3. Browse channel guide with Up, Down, Left, Right, OK, Menu, Info, Guide etc.
4. Select a show you want to watch & enjoy!

To Record a TV Episode to the PVR:

1. On the Remote, press “**Activities**” momentarily.
2. Press “**Watch TV**”, aim remote at system.
(System powers up and self-configures.)
3. With the TV station displaying normally, press “Guide” on the remote.
(On-screen TV guide information appears.)
4. Navigate to a channel and episode title with the Up, Down, Left, Right buttons.
5. Select an episode you want to record by pressing the “**Info**” button.
6. Navigate to the red “**Record**” button and press “**OK**”.
(PVR popup appears.)
7. Select “**Cancel or set a recording.**”
(PVR submenu appears.)
8. Select “**Record**” or “Record all episodes” (etc) from this menu to set the recording.
(PVR will now record the episode based on the guide time slot, or all following episodes of this show as they are announced in the guide.)

To Play Back Saved TV Episodes from the PVR:

1. On the Remote, press “**Activities**” momentarily.
2. Press “**Watch TV**”, aim remote at system.
(System powers up and self-configures.)
3. With the TV station displaying normally, press “**Menu**” on the remote.
